THE MISGUIDED BUSWAY

The “Green Belt” Countryside Surrounding our Villages Remains under Threat!

The Greater Cambridge Partnership (GCP) intends to carve a tarmac busway 14 metres wide around Shelford and Stapleford cutting across the fields adjacent to Magog Down - one of the most beautiful landscapes in Cambridgeshire.

Land alongside the route will be open to speculative housing development.

There is a better and less damaging alternative and we need **YOUR** help to make it happen.

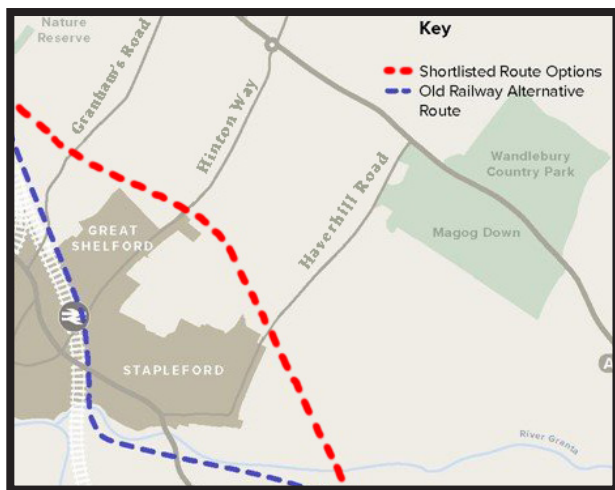

Visual Illustration drawn from the GCP's presentation of their chosen route as it approaches **Haverhill Rd** and then tracks **Gog Magog Way** and **Mingle Lane**

P.T.O

- AVOID THE DESTRUCTION OF OUR LANDSCAPE
- SUPPORT BETTER CONNECTIVITY

The alternative railway route (in blue) runs along the former Haverhill railway alignment and avoids the destruction of our beautiful landscape caused by the GCP's chosen route (in red).

Stapleford and Gt Shelford Parish Councils together with Cambridge Past Present and Future believe this option would save our precious countryside and provide much better transport links for us.

We need to raise thousands of pounds urgently to put this case forward.
